BUSINESS COUNCIL

## ACT EXPORTERS' NETWORK

The ACT Exporters' Network exists to provide a forum for exporters to network, share knowledge and expand their export activities.

Operating as part of the Canberra Business Council, the aim of the Network is to provide private sector leadership of the Canberra regional export drive.

### The benefits of membership of the Exporters' Network are:

- Networking with other exporters to share experiences and market knowledge
- Mentoring of new exporters by experienced exporters
- Access to a growing knowledge base of export skills and market knowledge
- Opportunities for training and development in export and overseas operations

### Activities for Network members now include:

- Monthly breakfasts with guest speakers on export-related topics
- Monthly newsletter and regular updates
- Networking functions
- Mentoring sessions
- Seminars and workshops
- Briefings on particular sectors or markets
- Case studies and promotion of successful exporters
- Industry input into government issues such as FTAs and business guides
- Trade missions and other Austrade activities
- Involvement in the ACT Export Awards

The Exporters' Network works with relevant organisations including Business & Industry Development – ACT Government, Austrade, AusIndustry and the NSW Institute of Export. It also invites exporting businesses and other bodies to contribute to its activities.
